

## Frequently Asked Questions:

**Question: How many cars and/or trucks were sold during a specific time period?**

Answer: The U.S. Government does not collect these data. We use the data published by Ward's Automotive Reports, Southfield, Michigan. Ward's publications can be found at most major libraries. Ward's website is <http://wardsauto.com/>

**Question: What do I need to do to import a car?**

Answer: (1) The National Highway Traffic Administration's home page provides an excellent description of what you need to do. [National Highway Traffic Safety Administration](#); (2) The emissions requirements for used car imports can be found on the [Environmental Protection Agency website](#).

**Question: How do I go about exporting vehicles to a particular country?**

Answer: The import requirements for most countries can be found elsewhere on this Home Page. The same information can be found at any regional office of the Department of Commerce on the [National Trade Data Base \(NTDB\)](#). It is also available on-line via [USA-Stat](#). The NTDB also contains country specific information about economic indicators and demographics. Also check out [U.S. Customs and Border Protection Service](#)

**Question: What was the seasonally adjusted annual selling-rate (SAAR) for the period ....?**

Answer: The SAAR is compiled by the [Department of Commerce's Bureau of Economic Analysis](#)

**Question: How do I find Schedule B Harmonized Tariff System (HTS) number for exporting motor vehicles?**

Answer: Use Schedule B codes found on the [Census Bureau Web Site](#)

**Question: I'm having a safety related problem with my car, with whom should I talk to in the government?**
