Subcommittee Report and Dialogue: Recommendation on Single Window

Committee Chair Rick Blasgen will moderate a Committee review of the Information Technology and Data Subcommittee's proposal that the Committee recommend expedited completion and implementation of a Single Window for U.S. import and export filings. Discussion will open with a brief review for the members of the status of the matter within the U.S. Government. Representatives from the Department of Commerce and other Federal agencies may participate in discussions of issues relevant to their agencies. A full Committee dialogue will follow the presentations. The Committee will then consider whether there is consensus in favor of the recommendation.

Issue Overview and Status: Federal Government

Diane Oberg, Assistant Bureau Chief for Data Collection, Foreign Trade Division, Census Bureau, U.S. Department of Commerce

Issue Overview: Private Sector

Sandor Boyson, Chair, Information Technology and Data Subcommittee
