

Scope of the Agreements

The merchandise subject to the AD and CVD Agreements is raw and refined sugar of all polarimeter readings derived from sugar cane or sugar beets. The chemical sucrose gives sugar its essential character. Sucrose is a nonreducing disaccharide composed of glucose and fructose linked by a glycosidic bond via their anomeric carbons. The molecular formula for sucrose is C₁₂H₂₂O₁₁; the International Union of Pure and Applied Chemistry (IUPAC) International Chemical Identifier (InChI) for sucrose is 1S/C₁₂H₂₂O₁₁/c13-1-4-6(16)8(18)9(19)11(21-4)23-12(3-15)10(20)7(17) 5(2-14)22-12/h4-11,13-20H,1-3H2/t4-,5-,6-,7-,8+,9-,10+,11-,12+/m1/s1; the InChI Key for sucrose is CZMRCDWAGMREC-N; the U.S. National Institutes of Health PubChem Compound Identifier (CID) for sucrose is 5988; and the Chemical Abstracts Service (CAS) Number of sucrose is 57-50-1.

Sugar includes products of all polarimeter readings described in various forms, such as raw sugar, estandar or standard sugar, high polarity or semi-refined sugar, special white sugar, refined sugar, brown sugar, edible molasses, de-sugaring molasses, organic raw sugar, and organic refined sugar. Other sugar products, such as powdered sugar, colored sugar, flavored sugar, and liquids and syrups that contain 95 percent or more sugar by dry weight are also within the scope of these AD and CVD Agreements. Merchandise covered by these AD and CVD Agreements is typically imported under the following headings of the HTSUS: 1701.12.1000, 1701.12.5000, 1701.13.1000, 1701.13.5000, 1701.14.1000, 1701.14.5000, 1701.91.1000, 1701.91.3000, 1701.99.1010, 1701.99.1025, 1701.99.1050, 1701.99.5010, 1701.99.5025, 1701.99.5050, and 1702.90.4000.

The scope of the AD and CVD Agreements excludes sugar imported under the Refined Sugar Re-Export Programs of the U.S. Department of Agriculture, sugar products produced in Mexico that contain 95 percent or more sugar by dry weight that originated outside of Mexico, inedible molasses (other than inedible desugaring molasses noted above), beverages, candy, certain specialty sugars, and processed food products that contain sugar (e.g., cereals). Specialty sugars excluded from the scope of these AD and CVD Agreements are limited to the following: Caramelized slab sugar candy, pearl sugar, rock candy, dragees

for cooking and baking, fondant, golden syrup, and sugar decorations.⁶

Continuation of Suspension of Investigations

As a result of the determinations by Commerce and the ITC that termination of the AD and CVD Agreements and suspended AD and CVD investigations would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD and CVD Agreements.

The effective date of continuation of the AD and CVD Agreements will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year (sunset) reviews of the AD and CVD Agreements not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order (APO)

This notice also serves as the only reminder to parties subject to APO of their responsibility concerning the return, destruction, or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

Notification to Interested Parties

These five-year (sunset) reviews and notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: April 24, 2020.

Certain Activated Carbon From the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review, Intent To Rescind the Review, in Part, and Preliminary Determination of No Shipments; 2018-2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Carbon Activated Tianjin Co., Ltd. (Carbon Activated) and Datong Juqiang Activated Carbon Co., Ltd. (Datong Juqiang), exporters of certain activated carbon from the People's Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) April 1, 2018 through March 31, 2019. Interested parties are invited to comment on these preliminary results.

DATES: Applicable April 30, 2020.

FOR FURTHER INFORMATION CONTACT: Jinny Ahn or George Ayache, AD/CVD Operations, Office VIII, Enforcement

and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0339 or (202) 482-2623, respectively.

SUPPLEMENTARY INFORMATION:

Background

This administrative review is being conducted in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this administrative review on June 13, 2019.¹ On November 19, 2019, Commerce extended the preliminary results deadline until April 29, 2020.²

Scope of the Order³

The merchandise subject to the order is certain activated carbon. The products are currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 3802.10.00. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the order remains dispositive.⁴

Intent To Rescind Administrative Review, in Part

In the *Initiation Notice*, we included Jacobi Carbons, Inc. among the companies for which a review was requested. Commerce has previously determined that Jacobi Carbons, Inc. is a U.S. shareholder of Jacobi,⁵ and the record of this review supports that determination. Therefore, we intend to rescind the review with respect to Jacobi Carbons, Inc.⁶

Preliminary Determination of No Shipments

Based on our analysis of U.S. Customs and Border Protection (CBP) information, and the no shipment

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 84 FR 27587 (June 13, 2019) (*Initiation Notice*).

⁴ For a complete description of the scope of the *Order*, see Memorandum, "Decision Memorandum for the Preliminary Results of Antidumping Duty Administrative Review: Certain Activated Carbon from the People's Republic of China; 2018-2019," dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

⁵ Jacobi Carbons AB and its affiliates, Tianjin Jacobi International Trading Co. Ltd., and Jacobi Carbons Industry (Tianjin) Co. Ltd. (collectively, Jacobi).

⁶ See Preliminary Decision Memorandum at 8.

certifications submitted by Ningxia Guanghua Cherishmet Activated Carbon Co., Ltd., Jilin Bright Future Chemicals Co., Ltd., Shanxi Dapu International Trade Co., Ltd., and Tianjin Channel Filters Co., Ltd., Commerce preliminarily determines that these companies had no shipments of subject merchandise during the POR. For additional information regarding this determination, see the Preliminary Decision Memorandum.

Consistent with our practice in non-market economy (NME) cases, we are not rescinding this review but instead intend to complete the review with respect to these four companies, for which we have preliminarily found no shipments, and issue appropriate instructions to CBP based on the final results of the review.⁷

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act. We calculated export prices and constructed export prices in accordance with section 772 of the Act. Because China is an NME country within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum is available at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of the Review

Commerce preliminarily finds that 63 companies for which a review was requested⁸ did not establish eligibility for a separate rate because they failed to provide either a separate rate application or separate rate certification. As such, we preliminarily determine
